# Animated Instagram Stories with Claude + Higgsfield

*Historias que se mueven.*

**Claude plans it. Higgsfield animates it. You post it.**

Set up one project folder and make a week of 9:16 stories without touching an editor.

# Five Steps. One Story.

You do not need video skills. You need a good plan and a clear prompt.

**Why a project and not one-off chats?** A folder with its own CLAUDE.md means Claude already knows your brand, your voice, the 9:16 format and the rules every time. You stop re-explaining. You also keep every idea, script and winning prompt in one place you can reuse next week.

*Un proyecto organizado: Claude ya sabe quién eres antes de que le pidas nada.*

Claude writes the recipe. **Higgsfield cooks it.** You serve it.

Advanced, later: Higgsfield also offers a connector so Claude can call it directly. Start with copy and paste. Learn the steps first.

# One Folder for All Your Stories.

Everything for IG Stories lives inside the folder structure you already built.

01

## Ideas

The weekly plan from Claude.

02

## Scripts

Hook, voice-over line, and text for each story.

03

## Higgsfield-Prompts

Copy-ready prompts, one file per story.

04

## Assets

Your photos, headshot, logo. Only ones you own.

05

## Final

The downloaded videos, ready to post.

Name every file **2026-10-13-market-teaser**

## Why numbers?

- 01 to 05 keep the steps in order
- Same order as your workflow

## Why the date?

- YYYY-MM-DD sorts itself
- You find any story in seconds

## Why hyphens?

- No spaces in file names
- Claude and Higgsfield both like it

OPEN IT

Claude Desktop → **Code** tab → choose the **IG-Stories** folder. Claude reads the CLAUDE.md there first (next page), then your main one in My AI Work.

## # IG Stories project

Agent: [YOUR NAME], [FL/WI] license, reThought Real Estate

Market: [CITIES/NEIGHBORHOODS] | Languages: [English / Spanish / both]

## # Format

- Instagram Stories, vertical 9:16. Each clip 5 to 15 seconds.
- The hook lands in the first second. One idea per story.
- Text is added later inside Instagram, never baked into the video.

## # Brand

- Colors: [BRAND COLORS]. Voice: [warm, direct, funny...]
- Phrases I use: [EXAMPLES]. Phrases I avoid: [EXAMPLES]

## # Rules

- Fair Housing: never mention protected classes, never steer.
- Never invent stats, prices or market data. Use [PLACEHOLDERS].
- Keep "reThought Real Estate" visible on every story.
- Use only photos I own or have rights to. No fake people or fake homes.
- I review everything. Do not post anything for me.

## # What I ask you for

Plans: save in 01-Ideas. Scripts: 02-Scripts. Higgsfield prompts: 03-Higgsfield-Prompts.

Name files YYYY-MM-DD-topic, no spaces, use hyphens.

01Your name, license state, languages

02Your cities and neighborhoods

03Brand colors and how you sound

04Phrases you use and avoid

Write it once. **Every story starts smarter.**

*Escríbelo una vez. Cada historia empieza mejor.*

5-PART PROMPT

### <role>

You are a bilingual social media strategist for real estate agents who creates short animated Instagram Stories.

### </role>

### <task>

Plan 7 days of Instagram Stories (one per day, 5 to 15 seconds each) that build trust and start conversations with future buyers and sellers. Mix the types: market update teaser, meet your agent, first-time buyer tip, neighborhood spotlight, behind the scenes.

### </task>

### <context>

Read CLAUDE.md in this folder for my brand, voice and rules.

Week of: [YYYY-MM-DD]. Focus this week: [TOPIC, EVENT, OR NEIGHBORHOOD].

Photos I already have in 04-Assets: [LIST OR "none yet"].

Do not invent stats or prices. Follow Fair Housing.

### </context>

### <examples>

A story of mine that did well: [DESCRIBE IT OR PASTE THE TEXT]

### </examples>

### <format>

A table: Day, Story type, Hook (first second), One-line idea, Photo needed (yes/no).

Language: [ENGLISH/SPANISH/BOTH]. Then save it as 01-Ideas/[YYYY-MM-DD]-week-plan.md.

### </format>

PROMPT COACH

Started with a rough idea? Say `Coach this prompt: plan my week of IG stories` and Prompt Coach asks 3 or 4 questions, then builds the 5 parts for you.

# Read It. Fix It. Save It.

Claude hands back a table like this. You stay in charge.

WHAT CLAUDE SHOULD HAND BACK · EXAMPLE SHAPE

| DAY | HOOK                              | TYPE                   | IDEA                             |
|-----|-----------------------------------|------------------------|----------------------------------|
| MON | “3 things before you tour a home” | First-time buyer tip   | Three quick clips, one tip each  |
| WED | “Meet your agent”                 | Meet your agent        | Animate my headshot, add my name |
| FRI | “This block, this weekend”        | Neighborhood spotlight | Animate one of my own photos     |

COPY · FOLLOW-UP PROMPTS TO REFINE

KEEP CHATTING

Swap Wednesday for a [STORY TYPE] and make every hook shorter.  
 Rewrite the whole plan in [SPANISH / SPANGLISH], keep my voice from CLAUDE.md.  
 Now write the script for Monday: a hook for the first second, one line of voice-over,  
 and the text for the screen.  
 Looks good. Save it to 01-Ideas/[YYYY-MM-DD]-week-plan.md.

## Check

- Sounds like you?
- Any invented numbers?

## Fair Housing

- Describes home and service?
- No steering language?

## Photos

- Which days need your photo?
- Add them to 04-Assets

**Review the plan.** Delete any day that does not sound like you. You are the CEO of this channel.

*Si no suena a ti, no se publica.*

```
<role> You are an expert prompt writer for AI video (Higgsfield) and a real estate social media pro. </role>
<task> Read 01-Ideas/[YYYY-MM-DD]-week-plan.md. For each story write ONE Higgsfield prompt I can paste as is. </task>
<context> Follow CLAUDE.md. Vertical 9:16, 5 to 10 seconds. Tell me if it needs my photo (image-to-video) or no photo (text-to-video). No text or logos inside the video, I add text in Instagram. No real faces unless I upload my own photo. No fake homes shown as real listings. </context>
<examples> Style I like: [CLEAN AND BRIGHT / MOODY / MINIMAL] </examples>
<format> Per story: Scene, Subject, Camera motion, Style, Lighting, Duration, Aspect ratio, and "Text to add in Instagram". Save in 03-Higgsfield-Prompts/YYYY-MM-DD-topic.md </format>
```

## Market update teaser

TEXT-TO-VIDEO

**Scene:** abstract city skyline at golden hour. **Subject:** a glowing arrow rising over rooftops. **Camera:** slow push-in. **Style:** clean, modern. **Light:** warm sunset. **Duration:** 6 s. **Aspect:** 9:16. No text, numbers or logos.

+ Add in Instagram: "October market update: swipe up" + your real stats from MLS + brokerage name

## Meet your agent

IMAGE-TO-VIDEO

**Use my uploaded headshot.** Keep my face and clothes exactly as in the photo. Subtle motion: warm smile, slight head turn. **Camera:** gentle push-in. **Style:** bright, friendly. **Duration:** 5 s. **Aspect:** 9:16.

+ Add in Instagram: "Hi, I'm [NAME], your agent at reThought Real Estate" + mention sticker

## Neighborhood spotlight

IMAGE-TO-VIDEO

**Use my uploaded photo** of [PLACE I PHOTOGRAPHED]. Animate only the environment: leaves, light, clouds. Do not add or change buildings. **Camera:** slow pan right. **Style:** natural. **Duration:** 8 s. **Aspect:** 9:16.

+ Add in Instagram: "Why locals love [NEIGHBORHOOD]" + location sticker

# Make the Clip in Higgsfield.

1

## Sign in, open the video tool, pick a model

Sign in at higgsfield.ai, open the video tool, choose a model. Screens and model names change often, so look for the same ideas.

2

## Add your photo (or none), paste the prompt, set 9:16

With a photo (image-to-video) it animates your picture. Without one (text-to-video) it builds the scene from words. Paste Claude's prompt, set the ratio to 9:16, pick a short duration.

3

## Generate, check it, download

Click Generate and watch the result. Something off? Fix the prompt and regenerate. Happy? Download it into 05-Final.

### CREDITS

Each clip uses credits from your Higgsfield plan (there is a free trial). Test 5 seconds first and save credits for the final version. Upload only photos you own.

# Download, Add Text, Hit Post.

- 01 Save to 05-Final**  
Rename it 2026-10-13-meet-your-agent.mp4
- 02 Open Instagram, add to Story**  
Choose the video from your phone. Send it to your phone first (AirDrop or cloud) if it is on your computer.
- 03 Add the text**  
Use the exact lines Claude gave you under “Text to add in Instagram”.
- 04 Add music, stickers, link**  
Music, a link sticker, a mention or location sticker if it fits.
- 05 Check and post**  
Brokerage name visible? Fair Housing clean? Then share.

THEN ASK CLAUDE · SAVE WHAT WORKED

05-TEMPLATES/PROMPTS-THAT-WORKED.MD

That Higgsfield prompt worked great. Add it to 05-Templates/prompts-that-worked.md with:

- Date: [YYYY-MM-DD] - Story type: [TYPE] - Model used: [MODEL]
- The full prompt, copied exactly
- What I would change next time: [NOTE]

Keep the file in order, newest on top.

**Every winning prompt becomes a template.** Next week you start from what worked, not from zero.

*Lo que funciona se guarda y se repite.*

# Check It. Then Share It.

## Fair Housing clean

No mention of protected classes. Describe the home and your service, not who should live there.

## Photos I own

Only your photos or ones you have rights to. No random web images.

## Brokerage name visible

reThought Real Estate shows on the story where advertising rules require it.

## Numbers are real

Every stat, price and date comes from MLS or another source I checked. No invented data.

## AI is disclosed when needed

If the clip could be mistaken for real footage, label it as AI-generated or add a note.

## Hook in the first second

Watch it on mute with the text on. Is it clear? Is it under 15 seconds?

## Saved and filed

Video in 05-Final. Winning prompt in prompts-that-worked.md.

## I reviewed it

I watched the whole clip. Claude and Higgsfield never post for me.

### NEVER

- ✗ Never make a fake person and present them as a real client, agent or testimonial.
- ✗ Never generate a house and present it as a real listing or your sold home.
- ✗ Never use someone's face, voice or photo without permission.
- ✗ Never post stats, prices or market claims you cannot back up.
- ✗ Never skip your review. You are responsible for what goes out.

**Rule of thumb:** AI makes the motion. You supply the truth.
