BUSINESS MANAGEMENT · SESSION 2

Talk to One Person

The Marketing Department, From the Ground Up

What marketing is · how a scrolling brain decides · your avatar and where they stand · the right size

WHAT MARKETING IS

Helping the right person say, “That’s me.”

Most people keep scrolling. That’s okay. You weren’t talking to them.

STORY TIME

POST IT ON YOUR STORIES

Nobody remembers you after one post.

Three times to the same person beats once to everybody.

Nadie se acuerda de ti después de un post. Tres veces a la misma persona le gana a una vez a todo el mundo.

RESEARCH · AT LEAST 3 EXPOSURES BEFORE AN AD STARTS TO STICK (KRUGMAN; GOOGLE)

MARKETING

Raise a hand

Gets the **right person** to say, “That’s me.”

SALES

Say yes

Helps that person **decide**. The talk, the consult, the agreement.

ADS

A megaphone

You pay so **more people** hear the message.

Bait you like. Pizza is great. The fish doesn’t care.

Bait the fish likes. Post what your person needs, wants and worries about.

A megaphone makes a message **louder**. It doesn’t make it **better**. Message first, megaphone second.

Un megáfono hace el mensaje más fuerte. No lo hace mejor.

The Numbers Behind Today.

Real research, with the source next to each number.

3×

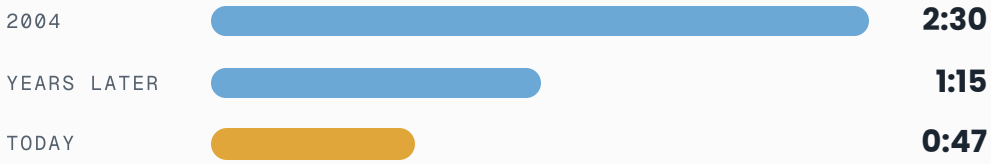

People need to see an ad at least 3 times before it starts to stick.

That's just to **remember** you. Marketers say closer to 7 before people trust you enough to act. One post is never enough.

KRUGMAN; GOOGLE AD-FREQUENCY RESEARCH · "7" IS A RULE OF THUMB

47s

Average time people stay on one screen before they switch.

DR. GLORIA MARK, UC IRVINE, *ATTENTION SPAN*

1.7s

Time people spend on a post on a phone.

You get **less than two seconds** to say "this is about you." And that was 2016.

FACEBOOK DATA, 2016

41%

Faster scrolling on a phone than on a computer.

FACEBOOK, 2016

0.25s

Enough for people to remember feed content.

They see more than you think. **Every post counts**, even the ones they scroll past.

FORS MARSH GROUP RESEARCH FOR FACEBOOK

We don't get more time. **We get better at using the time we get.**

No vamos a tener más tiempo. Vamos a usar mejor el que nos dan.

WHAT HAPPENS IN TWO SECONDS

Three Silent Questions. In This Order.

Nobody says them out loud. Every brain asks them anyway.

1

FIRST · ABOUT HALF A SECOND

Is this about me?

If the answer is no, the thumb keeps going. Nothing else gets read. Your first line has to answer this one.

2

SECOND · ABOUT ONE SECOND

How does it make me feel?

Seen. Hopeful. Curious. A little worried. Feelings come before facts.

3

OVER TIME

Do I trust this person?

Built slowly, post after post, for the same person. That's why showing up matters.

Me first → **Feelings second** → **Facts later**

People buy homes with the heart, then use facts to feel good about it. **A post full of true facts can still get scrolled past** if it doesn't pass question one.

Yo primero. Sentimientos segundo. Datos después.

YOUR CLIENT AVATAR

“Me” Is One Person. Not Everybody.

Your avatar is the one person every post is written for. Here’s the example from Marketing Machine.

11:04 PM

Marisol & Jay

First-time buyers near Orlando · late 20s · bilingual · renting and tired of it · Zillow open on the phone in bed.

QUESTION 1

What keeps them up at 11 PM?

“The rent went up again. Are we ever getting out of here?”

QUESTION 2

What have they already tried?

“We looked online. The prices scared us off.”

QUESTION 3 · THE GOLD

What are they afraid to say out loud?

“We won’t qualify. We waited too long.”

When your post says the thing they’re afraid to say, **they stop scrolling.** Because now it’s about them.

Cuando tu post dice lo que les da miedo decir, dejan de hacer scroll.

KNOW WHERE THEY STAND

Your Avatar Is On a Road.

Each stop asks different questions. The best post answers the stop they're at right now.

1

STOP 1 · FAR AWAY

Doesn't know your area yet

- What's it like to live there?
- How much does the move cost?
- Where is it safe for my kids?

2

STOP 2 · GETTING CLOSE

Money and the process

- Can I get approved?
- How much do I need saved?
- What are the hidden costs?

3

STOP 3 · READY

Needs you now

- Can you show me this one Saturday?
- Is this a fair price?
- How do I make an offer?

~10 weeks

Median home search. They watch you the whole way before they call.

Of buyers found their agent through a referral.

This month's market numbers

All good posts. Dana & Luis just aren't asking about these **yet**. When they get closer, these will matter a lot.

Post the answer to the question they're asking right now.

Postea la contestación a la pregunta que están haciendo ahora mismo.

SAME TOPIC, TWO WAYS

One Talks About a Topic. One Talks to a Person.

The news this week: mortgage rates moved.

VERSION 1 · ABOUT THE NEWS

MARKET UPDATE

Mortgage rates moved this week.

Rates moved this week! DM me for details.

True and helpful. Is it about Marisol? Maybe. Kind of.

VERSION 2 · TO MARISOL & JAY

FOR RENTERS NEAR ORLANDO

Renting near Orlando and scared you won't qualify?

Rates moved. Here's what it means for your monthly payment. Comment PAGO and I'll send the math for your budget.

Her brain says, "Wait. That's me."

RIGHT SIZE, RIGHT PLACE

Phones Stand Up. So Should Your Video.

Drawn to scale: how much of a 9:16 phone screen each shape fills.

16:9 · Wide

~31% OF THE SCREEN

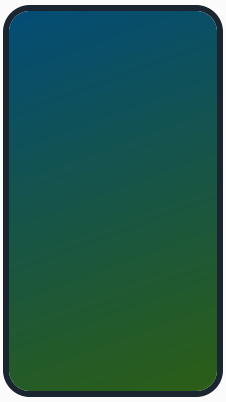

YouTube, TV, laptop

4:5 · Feed

~70% OF THE SCREEN

Instagram and Facebook feed posts

9:16 · Tall

100% OF THE SCREEN

Reels, Stories, TikTok, Shorts

META PLACEMENT GUIDANCE · 9:16 FOR REELS & STORIES, 4:5 FOR FEED

YOUR FIRST TWO SECONDS

1 · Name who it's for
The first line calls your one person. "Renting near Orlando?"

2 · Words on screen
Lots of people scroll with the sound off. Big captions, short lines.

3 · A face, right away
Eyes stop for faces. Start with you talking, not a logo.

4 · Stand it up
9:16 for Reels and Stories. 4:5 for the feed. Phone up straight.

One idea per post. One person, one question, one answer.

Una persona, una pregunta, una contestación.

LIVE EXERCISE · 12 MINUTES

Write One Post for Your One Person.

Fill this in during the session. At minute 10, two volunteers read their first line out loud.

1 Your person, in one sentence

Who, where, and what they're afraid of

MY PERSON IS

AFRAID THAT

2 Their stop on the road

Where are they right now?

☐ Far away ☐ Getting close ☐ Ready

3 Their 3 questions this month

What would they Google at 11 PM?

1

2

3

4 One post

First line calls your person. Answer in 3 short lines.

AI SHORTCUT

Use AI to Plan a Week of Posts for Your Person

Copy this prompt. Paste it into Claude or ChatGPT with your avatar doc. Fill the brackets from the exercise.

COPY · PASTE INTO YOUR AI PROJECT

CLAUDE / CHATGPT / GEMINI

```
You are my real estate content coach. Use my avatar document in this
project.

My person: [one sentence: who, where, what they're afraid of]. Their
stop right now: [far away / getting close / ready]. The 3 questions
they're asking this month: [1] [2] [3].

Plan 3 posts for this week. One question per post. For each post give
me: (1) a first line that calls my person in under 10 words, (2) 3
short lines that answer the question in plain 5th-grade language, (3)
the words to put on screen, (4) the size: 9:16 for a Reel or Story, 4:5
for the feed, (5) one soft call to action. Talk to the person, not
about the topic. Fair Housing safe language. Never invent numbers.
Write it in English and Spanish.
```

FILL THE BRACKETS WITH

- **01** Your person, in one sentence
- **02** Their stop on the road
- **03** Their 3 questions this month
- **04** English, Spanish, or both

This only works if your avatar is locked. Fuzzy person in, fuzzy posts out.

BEFORE YOU LEAVE · SAY IT OUT LOUD

Two Commitments. One Person.

Nobody leaves this room without both.

COMMITMENT 1 — Lock your person

Finish it and put it in your AI project, so every tool knows who you're talking to.

- ☐ **WHO** — One-sentence avatar
- ☐ **WHERE** — Their stop on the road
- ☐ **WHAT** — Their 3 questions this month
- ☐ **WHERE IT LIVES** — Saved in your AI project

COMMITMENT 2 — Three posts this week

Each one answers one question your person is asking right now.

- ☐ **POST 1** — First line calls your person
- ☐ **POST 2** — Words on screen
- ☐ **POST 3** — Right size: 9:16 or 4:5
- ☐ **BONUS** — Same person all three times

OCT 20

Next Tuesday, bring **one of your three posts**. We'll look at them together and make them even better.

re:thought × reLEARN.

IN ONE LINE

One person. Their question. Again and again.

"People will forget what you said, people will forget what you did, but people will never forget how you made them feel."

MAYA ANGELOU

La gente olvidará lo que dijiste y lo que hiciste, pero nunca olvidará cómo la hiciste sentir.

One person. Three posts. See you Tuesday, October 20.
